What Really Happens in Your Business when You're Not There?

Have you ever wished you could always be around to keep an eye on things? Would your employees, customers and potential intruders act differently if they knew they were being watched? Would you like to be able to:

- Monitor valuable business property?
- Record burglary and vandalism events?
- Provide evidence to law enforcement?
- Lower insurance premiums?

Don't be a Statistic. Protect Yourself.

Protect sensitive corporate information

- Prove what happened in a room months later?
- Intimidate would-be trespassers?
- Observe employee behavior?
- Hide cameras for candid monitoring?
- Keep everyone honest, or at least make them accountable?
- See what's happening in your business 24/7 without having to be there all the time?

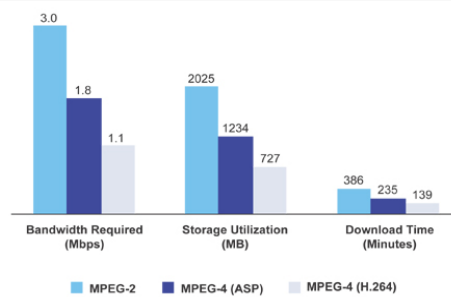

Monitor your business anytime, anywhere

*See it all with the Advantage
DVR-4000 Digital Surveillance System*

If you're looking for a high performance, easy-to-use video surveillance system that won't break the bank, look no further. Featuring the amazing new MPEG-4 H.264 compression technology, the DVR-4000 allows you to store months of full-color DVD quality video on a single DVR Server. Compare the compression of the DVR-4000 to other systems and we think you'll agree—there really is no comparison.

Performance comparison for 90-minute DVD-quality movie⁽¹⁾

⁽¹⁾ Download time at 700 Kbps

The DVR-4000 provides unmatched remote viewing capabilities. Imagine being able to view, play back, search, and record video at your monitored locations without actually having to be there. Monitor your cameras from your home, your hotel room, or anywhere you have a broadband internet connection. With the included web browser plug-in, you can even view your cameras in Internet Explorer!

With packages starting as low as \$259.00/month, most DVR-4000 owners find that the system quickly pays for itself. With an offer this good, why take chances with your business? Call today for a no-hassle, no-obligation quote, and give yourself one less thing to worry about.
